2. Coincidentally, Hadassah's CFO Sheryl Weinstein withdrew the \$137 million only months before Madoff was arrested and his fund was closed. Whew!

Just kidding! It actually wasn't a coincidence at all b/c Sheryl later revealed she had a 20-year long adulterous affair with Madoff

3. Years later, Sheryl Weinstein would go on to sign a blockbuster book deal disclosing how she was Bernie Madoff's biggest victim. She also claims that in their 20-year long affair, Bernie never shared any info about his Ponzi scheme with her.

4. Hadassah would go on to conduct its Zionist, feminist business as usual, albeit several million dollars richer as a result of Madoff's Ponzi scheme. Did I mention that the money they made was tax-exempt?

5. Lastly, Hadassah receives \$1.2 million in aid every year from US taxpayers to advance Zionist, feminist causes and promote Jewish solidarity around the world. I

should probably mention that this money is also tax-exempt 🙄🚫End.
